DAISY TASKER IS OUR
AWARD-WINNING
RESTAURANT LOCATED
ON THE GROUND FLOOR
OF HOTEL INDIGO.

We use all local suppliers where possible to ensure the highest quality.

We're named after a mill worker from these very buildings. Daisy started working when she was 14 years old - which was common at the time! The shifts could be long and hard, but they were made easier by her fun personality and aptitude for organising the best events for the workers in the mill. She was famed for her tea dances, parties and all manner of social outings. Daisy became the social chairwoman for the mill and continued to work here for over 50 years!

MALTS

We have a range of Malt Whisky from all of the **6 regions of Scotland**.

Just ask your server on any preference you may have as our range changes regularly.

ISLANDS

7 distilleries scattered on many islands in the West over to the Northeast. All with very different flavours, peaty due to location.

HIGHLANDS

Over 25 distilleries, full bodied in the north, sweet & rich in character. Lighter & fruitier are found more in the East.

SPEYSIDE

Over 60 distilleries, located in the Northeast surrounded by the River Spey. Famously known for sweet single malts with either very little or no peat. Due to this we recommend these to entry level whisky lovers beginning their adventure!

ISLAY

Home to 8 distilleries all on a small island of Islay, these are very peaty single malts and its believed that distillation reached Scotland from Ireland via Islay in the 13th century.

CAMPBELTOWN

The smallest region of them all with only 3 distilleries. Campbeltown whisky is known for its dryness & sometimes pungency taste because of its location.

LOWLANDS

It's the 2nd biggest region in terms of size but is home to only 4 distilleries. Lowland whisky tends to be light & gentle with no peatiness.
